The screenshot displays the IBM Cloud Dashboard. At the top, a dark navigation bar includes the IBM Cloud logo, a search bar, and links for Catalog, Manage, and the user's account (Kowsalya M's Account). Below this, the main dashboard area is titled 'Dashboard' and features a 'Create resource' button. A 'For you' section presents several recommended actions: 'Build' (Explore IBM Cloud with this selection of easy starter tutorials and services), 'Build a web app with Watson Speech to Text' (Deploy a conversational interface compatible with any application, device, or channel), 'IBM Cloud Migration Services' (Use IBM Cloud Migration Services to migrate workloads to a hybrid cloud with reduced risk and cost), 'Get Started with Watson Studio' (Get started with using AI and Cloud Object Storage in 15 minutes), 'Access to a service within resource groups' (Use IAM to manage access to resource groups, and thus give other users access to your service instance), and 'Build a Lift and Shift workload' (Lift and Shift workload). Each action card includes a 'Getting started' button and a time estimate (15 min, 5 min, 2 hr, 5 min). Below these cards, there are sections for 'User access' (Manage users), 'News' (View all), and 'Planned maintenance' (View). A 'WhatsApp Image...jpeg' thumbnail is visible in the bottom left corner. The Windows taskbar at the bottom shows the search bar, task view button, and several open applications (Edge, Mail, Teams, Chrome, File Explorer, Word). The system clock indicates 21:45 on 16-11-2022.
